LDL200

Trace-Lite's loading dock
LED lighting solution.

The LDL200 is Trace-Lite's solution for energy-efficient, low maintenance loading dock lighting. This rugged LED lighting fixture is designed with high performance Philips® LumiLed LED chips and precisely engineered UV-resistant optics. It has a narrow beam distribution that provides optimal brightness through the entire length of a trailer. The LDL200 fixture is IP65 Rated for outdoor use (optional mounting arm is damp location rated) and is available in an industrial safety yellow finish.
