

LE-DC4CH

Installation Instructions

IMPORTANT SAFEGUARDS READ AND FOLLOW ALL SAFETY INSTRUCTIONS.

When using electrical equipment, basic safety precautions should always be followed including the following:

- **DISCONNECT AC POWER SUPPLY BEFORE SERVICING.**
- Installation and servicing of this equipment should be performed by qualified service personnel only.
- Ensure that the electrical wiring conforms to the National Electrical Code NEC® and local regulations if applicable.
- Do not mount near gas or electrical heaters.
- Equipment should be mounted in locations and at heights where it will not be readily subjected to tampering by unauthorized personnel.
- The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition.
- Any modification or use of non-original components will void the warranty and product liability.
- Do not use this equipment for other than intended use.

LE-DC4CH

Installation Instructions

Installation

1. Use a Phillips head screwdriver to remove the end caps of the controller. (Fig. 1)
2. Mark the position you would like to install the controller. (Fig. 2)
3. Using the two previous marks, drill two holes with a power drill. (Fig. 3)
4. Secure the controller in place using self-tapping screws. (Fig. 4)
5. Connect the input and output power supplies. (Fig. 5) Please refer to the **Wiring Diagram** section below. (Fig. 7)
6. Once wiring is complete, reinstall both end caps of the controller. (Fig. 6)
7. Return power back to the source.
8. Commission the sensor via the LiteLogic App.
