

RKCB/RKLP SERIES

LED RETROFIT KITS

FOR RECESSED TROFFERS

CENTER BASKETS

FLAT PANELS

The RKCB and RKLP LED Retrofit kits are the ideal solution for efficient and versatile lighting upgrades.

These kits are designed with a two-rail mounting system for effortless and quick installation into existing recessed troffers. They feature both color and power selectability and are sensor ready with a built in AUX receptacle. They are available in both 2' x 2' and 2' x 4' configurations and provide optimal lighting customization for any space from offices to retail. Combining simplicity and adaptability, Trace-Lite LED retrofit kits are the perfect choice for modern lighting needs.
