

Lighting for Lab/Cleanroom

Trace-lite's **cleanroom** LED lighting solutions feature sealed housings, antimicrobial finishes, and are available with a wide range of ratings for Biosafety Labs (BSL), EU GMP/ISO Cleanrooms and NSF Food Zones.

LEARN MORE

Lab/Cleanroom

Cleanroom and containment lighting is designed to meet highly **specialized environmental challenges**.

Trace-lite's cleanroom LED lighting solutions feature **sealed housings, antimicrobial finishes**, and are available with a wide range of **ratings for Biosafety Labs (BSL), EU GMP/ISO Cleanrooms and NSF Food Zones**. In addition to these industry standards, Trace-lite luminaires are engineered with features such as plenum or top access for easy service without disrupting room functions.
