

TAKE COMMAND OF YOUR SPACE

**SMART &
AFFORDABLE**
CONTROLS BY

YOU HAVE THE POWER

TO CREATE SMART
BUILDINGS WITH THE
HELP OF **LITELOGIC**
BY BARRON

Experience the limitless possibilities of Bluetooth wireless technology, where automation becomes effortless, energy, labor and material costs are significantly reduced, and setting up lighting control becomes a breeze.

Introducing **LiteLogic Bluetooth controls**, **designed to seamlessly manage multiple zones within any space**. With a **user-friendly** interface that can be programmed within minutes using just your smartphone, **LiteLogic** is the ideal choice for a wide range of environments, including warehouses, offices, medical centers, schools, and auditoriums, whether they are newly constructed or undergoing retrofitting. **LiteLogic** sensors are **easily installed on-site** and are compatible with a variety of **Trace-Lite** fixtures.

Unlock the ultimate lighting controls solution with **LiteLogic by Trace-Lite**.

TRACE  **LITE**

HI, WE'RE BARRON, THRILLED TO MEET YOU.

Founded in 1973 as an electronics manufacturer, **Barron Lighting Group** has enjoyed five decades of growth built on its core values of integrity and innovation. In 1992, **Barron** added **Trace-Lite** to our product offering, bringing indoor and outdoor commercial lighting to customers across North America.

LiteLogic Bluetooth controls are the next evolution in lighting controls. Giving you the ability to fully control your lighting fixtures remotely via app on your smart device.

Barron has quality products, a very broad offering, and their pricing is very competitive. Barron has many many products that comply with BAA, which helps us out very much.

LIGHTING THE WORLD

FOR A BETTER FUTURE

Experience the cutting-edge innovation of **LiteLogic by Trace-Lite**, revolutionizing energy efficiency, enhancing occupant comfort, and ensuring code compliance for indoor and outdoor applications. With Luminaire Level Lighting Controls (LLLC) seamlessly integrated into Trace-Lite controls ready fixtures, facilities can effortlessly **save energy** and improve occupancy comfort. What sets LiteLogic Bluetooth controls apart is its **user-friendly app** and **hassle-free field installation** of sensors and network nodes. With the innovative LiteLogic app, nodes can be commissioned without the requirement of a gateway or internet access. Stay ahead of the curve and under budget with LiteLogic.
